To,
Shri Nitin Nabin
National President
Bharatiya Janata Party
New Delhi

Subject: Submission of the Political Constituency Survey and Stakeholder Assessment Report for Hoshiarpur Assembly Constituency (AC-43), District Hoshiarpur, Punjab.

Sir,

With reference to the above, please find enclosed the Political Constituency Survey and Stakeholder Assessment Report for Hoshiarpur. The report covers the demographic and voter profile, the results of the Lok Sabha (2024), Vidhan Sabha (2022) and Municipal Corporation (2026) elections, directories of elected representatives, party office-bearers and administrative officials, an assessment of local development issues, and a review of public social-media discussion.

The report notes that the sitting MLA has been renominated by his party for 2027, that the Municipal Corporation changed hands in July 2026, and that the Hoshiarpur segment favoured a different party in the 2024 Lok Sabha election than the constituency as a whole.

The report is based on public official records (Election Commission of India, Census of India, District Administration Hoshiarpur and the Punjab State Election Commission) and on published reports in established newspapers. Each figure and name is linked to its source.

Results of the parliamentary constituency, the assembly constituency and the Municipal Corporation are shown separately and have not been combined. The supporting data is enclosed as an Excel workbook.

Submitted for your kind information and necessary action.

Yours faithfully,

Ministry of Home Affairs

1. EXECUTIVE SUMMARY

1.1 **Representation.** AAP holds all three elected tiers covering Hoshiarpur. The MLA is Brahm Shankar (Jimpa) Sharma (2022), whom AAP renominated for 2027 on 31 October 2026 (link). The MP is Dr Raj Kumar Chabbewal (2024, Hoshiarpur SC). AAP won 35 of the 50 Municipal Corporation wards in July 2026, and Praveen Saini was elected Mayor (link / link).

1.2 **Demography.** At Census 2011, Hoshiarpur city had 1,68,653 persons, up 12.7% from 2001. The sex ratio was 910 and effective literacy 88.14% (female 85.52%). Scheduled Castes made up 26.85% of the population and 22.34% lived in slums. Hindus were 75.67% and Sikhs 21.45% (link / link / link).

1.3 **Electorate.** Assembly electors rose from 1,51,428 (2012) to 1,92,794 (2022), an increase of 27%. Over the same period, turnout fell from 71.7% to 66.19%. The PC roll in 2024 was 16,01,826, with 58.86% turnout. The Municipal Corporation poll of July 2026 recorded 60.5% turnout (link / link / link / link).

1.4 **Election results.** Assembly 2022: AAP won by 13,859 votes (39.96% vs 29.13%). Lok Sabha 2024 (constituency-wide): AAP won by 44,111 votes (32.04% vs 27.39%), but the **Hoshiarpur segment was led by the BJP** (link). Municipal Corporation 2026: AAP 35, INC 9, BJP 3, Independent 3.

1.5 **Developments in 2026.** The Municipal Corporation passed from the Congress (41 of 50 seats in 2021) to AAP. The BJP's district unit saw 100+ office-bearers, led by former minister Tikshan Sud, resign from their posts after the district president was replaced (link). Former MLA Sunder Sham Arora is active for the Congress (link).

1.6 **Priority civic issues.** The main issues are sanitation and garbage dumps (a worker shortage), sewerage and drinking water, traffic, encroachments and stray cattle, and law and order (link / link / link).

2. SCOPE, METHODOLOGY AND UNITS OF ANALYSIS

2.1 **Objective.** To prepare a fact-based profile of Hoshiarpur covering its demography, electoral history, elected and administrative stakeholders, development issues and public information channels, for reference.

2.2 **Sources.** In order of priority: Election Commission of India; Census of India 2011; District Administration Hoshiarpur; Punjab State Election Commission; Hoshiarpur Municipal Corporation; established newspapers (The Tribune, PTI) and credible regional portals. Secondary compilations are used only where they reproduce official data, and they are labelled as such.

2.3 **Verification standard.** Each name, designation and figure carries a source. Items not confirmed in an official or reliable source are marked 'Verification Required'. Items not found are marked 'Data Not Available'. Officials' postings are dated to the latest confirming report.

2.4 **Social media.** Public Facebook pages and posts were reviewed on 20 November 2026. No private messages or non-public data were accessed. Instagram could not be reviewed because the account was not signed in. Social-media engagement is not a voter survey.

Table 2: Units of analysis (not to be combined)

Unit	Description	Size / scale	Source
Hoshiarpur district	Revenue district; 4 sub-divisions, 10 blocks, 1,417 villages	15,86,625 persons (2011)	link / link
Hoshiarpur PC (No. 5, SC)	Lok Sabha seat; 9 segments across Hoshiarpur, Kapurthala and Gurdaspur districts	16,01,826 electors (2024)	link
Hoshiarpur AC-43	Vidhan Sabha seat (general); city plus adjoining rural belt	1,92,794 electors (2022)	link
Hoshiarpur tehsil	Revenue sub-division; 414 villages, 4 towns (larger than the AC)	5,60,346 persons (2011)	link
Hoshiarpur Municipal Corporation	Nagar Nigam; 50 wards (2015, 2021, 2026)	1,68,653 persons (2011, 31 wards)	link / link

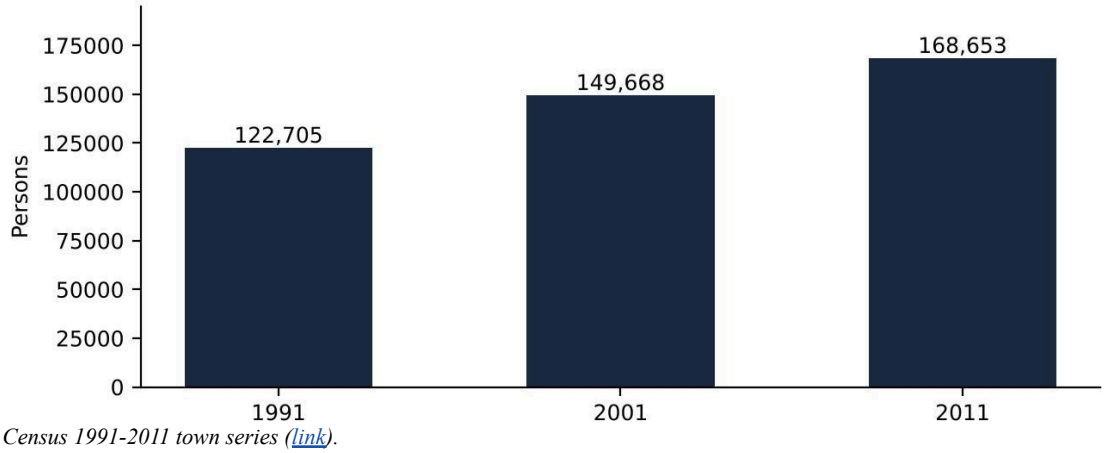

2.5 **MC wards and the AC.** The Municipal Corporation lies within Hoshiarpur AC-43, but the AC also includes villages outside the city. No official ward-to-AC mapping was found, so city-wide municipal results are shown separately from AC results (Verification Required against the delimitation order).

3. DEMOGRAPHIC PROFILE

3.1 Census 2011 is the latest official enumeration; Census 2027 enumeration was under way in November 2026. The figures below are therefore 2011 values. The Census does not publish totals for assembly constituencies, so the city and tehsil are shown as the nearest units.

3A. Population size and growth

Figure 1: Hoshiarpur city population, Census 1991-2011

Source: Census 1991-2011 town series (link).

3.2 The city grew 22.0% in 1991-2001 and 12.7% in 2001-2011. The district's population rose to 15.87 lakh in 2011. The district sex ratio has improved steadily, from 924 in 1991 to 961 in 2011 (link).

Table 3: Core population indicators, Census 2011

Hindu	127,615	75.67%
Sikh	36,178	21.45%
Jain	1,551	0.92%
Muslim	1,315	0.78%
Christian	1,012	0.60%
Not stated	600	0.36%
Buddhist	235	0.14%
Other	147	0.09%

Source: link. The tehsil is 66.23% Hindu and 31.07% Sikh (link). Mother tongue (district): Punjabi 93.74% (link). City-level mother-tongue data were not found.

3C. Literacy and living conditions

Figure 3: Effective literacy (aged 7+) by sex, Census 2011

Source: city (link); district (link); tehsil computed from crude literacy 76.48% and population aged 7+ (link).

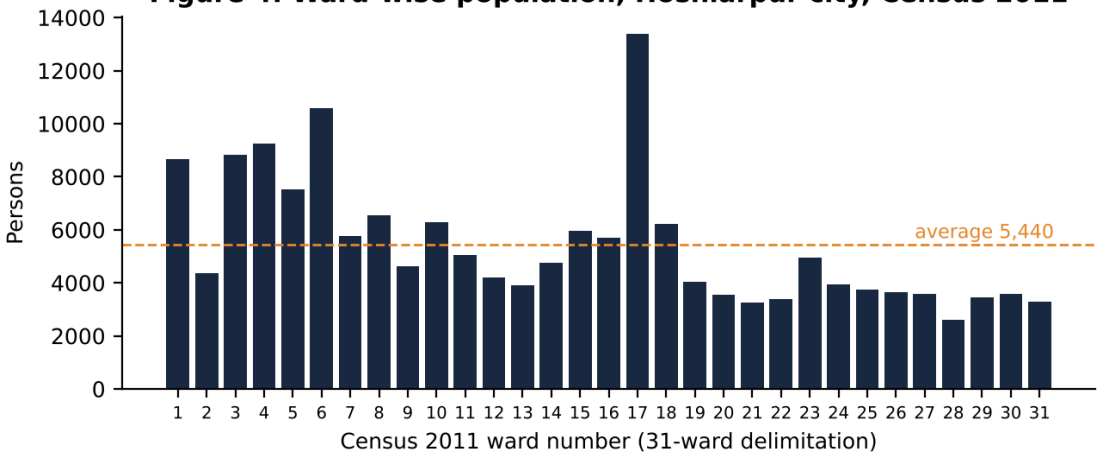

Table 6: Literacy and living-condition indicators, Census 2011

Indicator	Value	Area	Source
Literates (city)	1,33,367 of 1,51,316 persons aged 7+	City	link
Effective literacy (city)	88.14% (M 90.54% / F 85.52%); gender gap 5.0 points	City	link
Effective literacy (tehsil)	≈85.5% (computed); crude 76.48% (M 79.51% / F 73.27%)	Tehsil	link
Effective literacy (district)	84.59% (M 88.75% / F 80.31%)	District	link
Slum population	37,680 persons (22.34%)	City	link
Usually employed (7+)	52,477 persons	City	link

3.3 **Implications.** The literacy gender gap is small, but one in five city residents lives in a notified slum, and the surrounding tehsil has a much higher SC share (40.91%). Demand for services is therefore concentrated in sanitation, sewerage and housing (Chapter 8).

3D. Ward-level distribution (Hoshiarpur city)

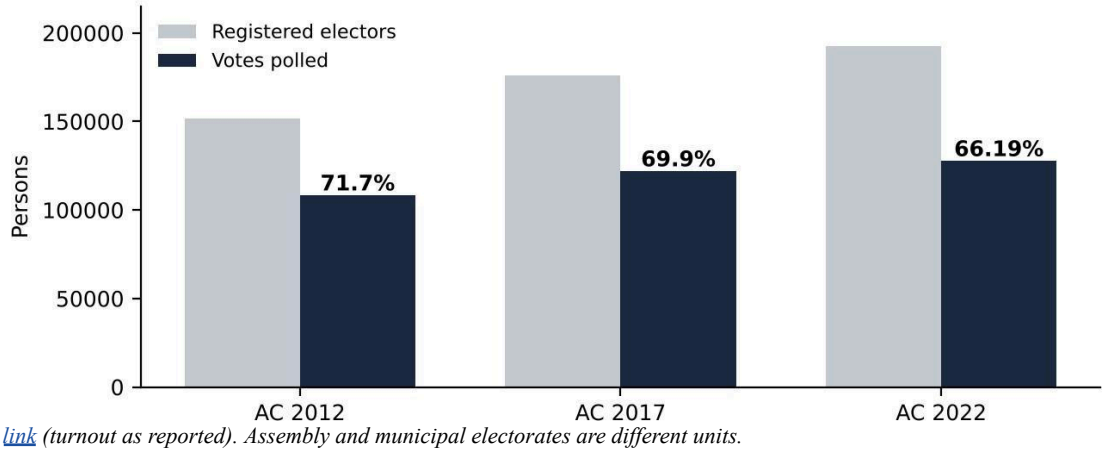

Figure 4: Ward-wise population, Hoshiarpur city, Census 2011

Source: Census 2011 ward table (link). The 2011 Census used 31 wards; the Corporation now has 50, so the 2011 ward numbers do not match the current wards.

3E. Voter profile

Figure 5: Hoshiarpur AC-43 electors, votes polled and turnout

Source: link (turnout as reported). Assembly and municipal electorates are different units.

3.4 Assembly electors grew 27% between 2012 and 2022 while turnout fell about 5.5 points. The final SIR 2026 roll is published on the district website. Part-wise and gender-wise figures for AC-43 should be taken from it.

4. LOK SABHA ELECTION ANALYSIS (HOSHIARPUR PC)

Table 8: Lok Sabha 2024 result, constituency-wide

Table 12: Hoshiarpur AC results, 2002-2022

Year	Winner	Party	Runner-up	Party	Margin	Turnout	Source
2022	Brahm Shankar (Jimpa)	AAP	Sunder Sham Arora	INC	13,859	66.19%	link / link
2017	Sunder Sham Arora	INC	Tikshan Sud	BJP	11,233	69.9%	link / link
2012	Sunder Sham Arora	INC	Tikshan Sud	BJP	6,208	71.7%	link
2007	Tikshan Sud	BJP	Data Not Available	INC	4,401	-	link
2002	Tikshan Sud	BJP	Naresh Thakur	INC	308	-	link

5.1 The seat moved from the BJP (Tikshan Sud: 1997, 2002, 2007) to the INC (Sunder Sham Arora: 2012, 2017) and then to AAP in 2022. Every winning margin has been under 14,000 votes, so the seat is competitive. The BSP's share rose to 9.45% in 2022.

5.2 **Changes in alignment since 2022 (documented).** The 2022 runner-up, Sunder Sham Arora, was in the BJP from 2022 until he rejoined the Congress on 28 August 2024 (link). The 2022 third-placed candidate, Tikshan Sud (BJP), resigned his party posts in August 2026 (link). AAP renominated Jimpa

for 2027 (link). No projection of future results is made in this report.

6. NAGAR NIGAM ELECTION ANALYSIS (HOSHIARPUR MUNICIPAL CORPORATION)

6.1 Polling for all 50 wards was held on 5 July 2026 at 139 booths, with 219 candidates. Turnout was 60.5%, and polling was reported as peaceful (link / link).

Table 13: Party-wise ward results, 2015-2026

8.1 Data Not Available from public sources for this review: ward-level drinking-water complaints, electricity reliability, public transport, hospital and school capacity, and industrial employment for AC-43. These may be obtained from the Water Supply & Sewerage Board, PSPCL, the Civil Hospital, the Education Department and the District Industries Centre.

9. MEDIA AND PUBLIC INFORMATION CHANNELS

9.1 The main print and digital sources are The Tribune (Jalandhar edition), Daily Post Punjabi, The Stellar News and regional portals. Locally, news circulates mainly through very large Facebook pages, such as Hoshiarpur News (about 4.6 lakh followers) and Hoshiarpur Fast Live (about 2.7 lakh). These are listed at Annexure D.

9.2 Observed themes (20 November 2026): (a) early campaign messaging by the sitting MLA and former MLA Sunder Sham Arora; (b) sewerage works and drinking-water complaints; (c) government development announcements. The engagement figures are indicative only and do not represent voter opinion.

10. OVERALL ASSESSMENT

10.1 AAP holds the assembly, parliamentary and municipal tiers. INC is the principal opposition in the Corporation (9 of 50 seats) and was runner-up in 2022 and 2024.

10.2 The BJP's position is mixed. It led the Hoshiarpur segment in 2024 and has a historic urban base, but it won only 3 Corporation wards in 2026 and its district unit is divided over organisational changes.

10.3 The 2022 contest was a four-way race in which the BSP polled 9.45%. Assembly margins have stayed below 14,000 votes, and the parliamentary and assembly preferences of local voters have differed.

10.4 Points for follow-up: obtain ECI Form-20 segment data for 2024; obtain the SIR 2026 part-wise roll for AC-43; obtain the SEC ward-wise 2026 results; confirm the party affiliations of the Mayor and Deputy Mayors; confirm the SDM, Tehsildar and BDPO.
